

MANCINI TAN

ABOUT

UX/UI designer with 5+ years delivering conversion-focused products across e-commerce (EVN Archive), crypto/fintech (OKX), and pre-construction (Buildr). Shipped features that grew OKX daily active users by 200%, designed end-to-end Shopify architectures, and built a custom fit recommendation tool for product pages.

PROFESSIONAL EXPERIENCE

EVN Archive — *Founder & Designer*

MAY 2026 – Current

- **End-to-End E-commerce Design:** Own storefront IA, product page and content design, and pricing for an independent Shopify menswear brand selling globally.
- **Custom Conversion Tooling:** Built a fit-recommendation widget with Claude and Shopify MCP (Liquid + JS) to reduce fit-related cart abandonment.
- **Data-Driven Iteration:** Used session and funnel data to find where pages lose conversion, then shipped targeted fixes (gallery sequencing, sold-out states) to the worst performers.
- **Systems & Taxonomy:** Built a two-way editorial taxonomy (Foundations / Statement) and a legibility-first pricing framework.

Buildr — *Founding Designer (Freelance)*

JUNE 2025 – FEBRUARY 2026

- Sole designer on a pre-construction property-tech PWA, owning IA, visual identity and prototypes from discovery to launch.

OKX — *Senior Content Designer*

MARCH 2024 – DECEMBER 2025

- **Growth Feature Design:** Shipped “Orbit,” a UGC social feature that grew daily active users 200% through microcopy and interaction design.
- **Growth Campaign:** Owned strategy for the 2024 Year-in-Review — 75.6% completion, 25% share rate globally.
- **Design Systems:** Built content standards into the core component library with Design Systems and Engineering, cutting UI copy inconsistencies 90%.

Neuron Mobility — *Senior Product Designer*

JANUARY 2023 – DECEMBER 2023

- Built the desktop component library, merged two platforms into one Control Centre, and localized for AU/NZ/UK (+10% efficiency).

Ninja Van — *Product Designer II*

JULY 2021 – JANUARY 2023

- Redesigned service recovery (customer intake + internal Salesforce tools), cutting resolution time 60%, and merged 9 design libraries into one.

DBS Bank — *Content Designer*

OCTOBER 2020 – JULY 2021

- Refined mobile banking IA and microcopy for Greater China; authored the bank’s tone-of-voice guidelines.

Ogilvy — *Client Management Associate*

JULY 2017 – MARCH 2018, JUNE 2019 – JULY 2020

- Ran brand and localization playbooks for a LEGO APAC launch, and content/social strategy for OCBC and FRANK by OCBC.
